

Dear Member,

Today marks a historic milestone for the Institute as the 2021 IIA International Conference, with IIA Singapore as the co-host, officially kicks off. In the last few months, the team at IIA Singapore has been tirelessly working with IIA Global to bring you the 2021 IIA International Conference.

The 2021 IIA International Conference commenced with the opening remarks from Ms Indranee Rajah, Singapore Minister in the Prime Minister's Office and Second Minister for Finance and National Development. In the joint media release, she said, "With business uncertainty from Covid-19 and digital transformation, internal auditors must adapt and reskill to meet increasing stakeholder expectations and demands. This conference will give internal auditors the opportunity to discuss how their work is evolving, and how to turn challenges into opportunities."

Being one of the Supporting Sponsors of the 2021 IIA International Conference, Mr Tan Boon Gin, CEO of Singapore Exchange Regulation (SGX RegCo) said in the media release that "good governance begins at home and internal audit is at the frontline of our system of checks and balances. SGX RegCo looks forward to working closely with IIA Singapore in raising standards of internal audit and developing the profession."
