

ONE DAY CONFERENCE. TWO WEBINARS. 9.6 CPE HOURS.

This year's Annual Conference offers insights and practical takeaways to strengthen your internal audit impact. Take advantage of the opportunity to double the learning and double the impact through exclusive access for conference attendees to two post-event webinars on today's most relevant issues.

- **Risk in Focus 2026** - Understand the current risk landscape and how it impacts internal audit programmes worldwide, based on insights from the Risk in Focus 2026 report.
- **Beyond Compliance: Auditing ESG for Strategic Impact and Organisational Resilience** - Learn how internal audit can provide assurance over ESG data, assess readiness, and integrate sustainability into audit planning to support long-term organisational value.

These webinars provide up to 2 additional CPE hours, bringing your total to 9.6 hours of professional development.

New updates have been added to the conference. Find out more [Here](#).

### From Interrogation to Insight: Investigative Mindsets in Internal Audit

*Speaker*

**Ramesh Raj Kishore**

Regional Director - Asia Pacific  
Pharmaceutical Security Institute

*Moderator*

**Stephen Ching**

Head of Internal Audit, Asia Pacific, Menarini  
Asia Pacific and President, IIA Singapore

*Panellist*

**Sherene Cham**

Regional Director, Ethics & Compliance -  
APAC, A. Menarini Asia Pacific

From supervising covert operations and managing high-stakes interrogations to investigating complex pharmaceutical crimes across borders, Ramesh Raj Kishore has spent decades uncovering truths others tried to hide. In this captivating session, the Regional Director - Asia Pacific of the Pharmaceutical Security Institute (PSI), and former law enforcement professional, shares powerful lessons from his frontline experience in investigations, and interrogation.

He will explore how the mindset and methods of an investigator - asking the right questions, reading between the lines, recognising patterns, and testing assumptions are not just relevant but essential to the practice of internal audit today.

As internal auditors navigate increasingly complex risk landscapes, being able to challenge information, assess behavioural cues, and apply critical thinking is more important than ever. This session will inspire you to sharpen your questioning skills, trust your instincts, and embrace curiosity as a core part of audit excellence.
