

## OPPORTUNITIES TO LEARN, GROW AND ENGAGE

May marks Internal Audit Month, a time to recognise the essential work internal auditors do every day in strengthening governance, enhancing controls, and supporting better decision-making. This is also a moment to reflect on the evolving role of internal audit. From navigating new risks to supporting organisations through change, your work continues to shape resilience and build trust in meaningful ways.

To mark the occasion, we have put together a series of ways to support your continued growth and development.

### Celebrate in Your Own Way

Internal Audit Month is an opportunity to mark the occasion in a way that feels meaningful to you and your team. This could be recognising your team's efforts, sharing milestones, hosting a discussion, or simply taking a moment to reflect on the work you do.

If your team is doing something to mark the month, we would love to hear from you. Share with us what your Internal Audit function is doing so that we may feature selected initiatives and showcase how the internal audit community in Singapore is celebrating and contributing in different ways. Photos are welcome too. Simply email us at [events@iia.org.sg](mailto:events@iia.org.sg).

Thank you for the work you do, and for the value you continue to bring to the profession and the organisations you serve.
