

Dear Certified Member,

All certified and qualified individuals must report their annual Continuing Professional Education (CPE) credit hours by **31 December 2021**. Certified or qualified individuals can review the CPE requirements, pricing, and reporting details by visiting the [CPE Reporting webpage](#).

As a reminder, two of the CPE credits must be fulfilled in the subject area of ethics. Reporting is managed through the [Certification Candidate Management System](#) (CCMS). Please remember to verify that your primary email address in CCMS is valid when you report your CPE credit hours.

In addition to enabling the ability to display your certification credential(s), meeting CPE reporting requirements makes you eligible to be included in [The IIA Certification Registry](#). This is an opportunity for employers and recruiters to verify your certification, as The IIA Certification Registry is an up-to-date record of individuals who have earned an IIA certification and maintain it by reporting CPE to keep their credential active. All IIA active certification holders who choose to voluntarily opt-in will be included in the registry.

Visit the [CPE Reporting webpage](#) before **31 December 2021** to submit your CPE credit hours, view the requirements, and more.

If you have any questions, please reach out to us at certification@iaa.org.sg.

Best regards,
