

## PRESIDENT'S NOTE

Thank you to those of you who attended our virtual Annual General Meeting last month. For members who could not join us for the AGM, we take this opportunity to introduce the two new members of IIA Singapore's Board of Governors. They are established professionals and leaders from both the academia and public sector.

This has been one extraordinary year that has put to test our entire suite of skills to manage and overcome challenges which have surfaced throughout the months. Resilience can be a great attribute for us in overcoming uncertainty, and we can do so by ensuring that we constantly reskill in tandem with the evolving needs of the business environment and our organisations.

In this area, the Institute develops training courses for internal auditors that are aligned with the recently-refreshed national skills framework that will keep your competencies relevant and updated. These are also aligned with the revised IIA Global Competency Framework that was launched on 30 September, upon which I would like to encourage you to participate in the global research survey on The State of Internal Audit Competency. More details can be found in this issue.

Stay safe, stay informed and stay CONNECTed with us!

**Koh Chin Beng, CIA**  
President  
The Institute of Internal Auditors Singapore

## IN THE SPOTLIGHT

### InConversation with Governors, Koh Wei Chern and Norman Kuik

We have had the chance to have a conversation with not just one, but two of our newly-elected Governors! Come hear what they say.

### NEW! Risk in Focus 2021

The European Confederation of Institutes of Internal Auditors published their annual Risk in Focus report, set against a backdrop of unprecedented circumstances of the global pandemic. As we enter the final quarter of this year that has been replete with challenges and disruption, this is a timely publication that offers valuable insight into what the risk landscape may entail in the coming year.

### NEW! Introducing The IIA's Competency Framework

The IIA's Internal Audit Competency Framework provides clear and concise professional development plans, tools, and techniques that evolve with current risk environment and career level. Follow a comprehensive strategy that defines the four main knowledge areas and essential skills.

To complement the framework release, The Internal Audit Foundation, in partnership with Deloitte, has developed the 2020 Assessing Competencies in Internal Audit Study. As a component of the study, IIA Global is launching a survey. To participate in the survey, please click [here](#).

### New FY2020/2021 Board Elected at 44th AGM

The 44th Annual General Meeting of IIA Singapore was held virtually on Thursday, 24 September 2020. The Institute's members attended the AGM by observing and listening to the proceedings of the meeting by electronic means. Members voted and elected a team of Board members to lead IIA Singapore for the term 2020/2021 to 2021/2022.

Learn more about our newly elected Board members and office-bearers, whose appointments are listed on our website.
