

The Institute of
Internal Auditors
Singapore

BE PART OF THE PREMIER GLOBAL EVENT FOR INTERNAL AUDIT

The IIA's 2026 International Conference 2026 is set to gather the world's leading internal audit professionals for a transformative learning experience. With the theme "Transform Internal Audit", the conference will explore how the profession can evolve, adapt, and lead with confidence amid disruption and opportunity.

IIA Global is seeking speakers who can share forward-looking insights, practical strategies, and global perspectives to help internal auditors stay ahead in a rapidly evolving landscape. Proposals should align with the conference theme, "Transform Internal Audit", and focus on topics that elevate the profession's impact, address emerging risks, embrace innovation, and support internal auditors in delivering greater value to their organisations.

To submit your proposal, please visit IIA Global's website [here](#).

For questions about submission content, the online submission process, or any technical issues, please contact IIA Global at conferences@theiia.org.

Thank you for your interest and support. Together, let's shape the future of internal audit.

We look forward to seeing you in Singapore.
