# JOIN THE VOICE OF THE INTERNAL AUDIT PROFESSION IN SINGAPORE

Since 1941, The Institute of Internal Auditors (IIA) has been the internal audit profession's global voice, recognised authority, leader, chief advocate, and principal educator. More than 190,000 members acknowledge it, over 170 countries recognise it - The IIA is the largest global organisation representing internal auditors today.

The IIA sets the bar for internal audit integrity and professionalism around the world with its International Professional Practices Framework, a collection of guidance that includes the International Standards for the Professional Practice of Internal Auditing and the Code of Ethics.

As the only professional body for internal auditors in Singapore, The Institute of Internal Auditors (IIA) Singapore aims to raise the profile and standing of the internal audit profession, increase its influence and develop the knowledge, skills and expertise of internal auditors.
