## Our Guest-of-Honour

**Derrick Goh**

Managing Director & Group Head of  
Internal Audit, DBS Bank  
Member, Public Accounts Committee

## Risk Management In The Public Sector - From CPFB's Perspective

Risk management and internal audit are critical functions in providing assurance to the board members, management, and of course, to the customers of an organisation. Both functions are even more critical to public agencies which should not break the trust of our citizens.

This sharing session will cover the risk management function in CPF Board and how it complements our internal audit to provide assurance to CPF members in this evolving and dynamic risk environment.

**Eileen Tay**

Director, Risk Management  
Central Provident Fund Board

## Cyber Resilience Beyond Covid-19

**Daryl Pereira**

Director, Office of the CISO  
Google Cloud Asia-Pacific and  
Governor of IIA Singapore

The global pandemic has forever changed the way we do business, work and live. This talk will explore five key cyber risks that have arisen due to rapid adoption of technology and digitisation of business operations, and provide recommendations to fend off cyber threats.
