In-House Training

IIA Academy offers training programmes that are specially tailored to meet the unique needs of individual organisations.

In-house training can be conducted at your preferred venue and date, as well as customising to your requirements, addressing the issues and needs within your organisation. Over the years, we have delivered customised courses to many organisations and these courses have benefited them greatly in their professional development.

Please contact us at Tel: 6324 9029 ext 2005 or Email: iia-academy@iia.org.sg to find out more.

IIA OnDemand Training 24/7

IIA Academy has curated a list of courses from the IIA Global OnDemand catalogue that covers topics from Fundamentals of Internal Auditing to Technology and Audit Management topics.

IIA members get to enjoy attractive prices for these **short online courses** where you can access anytime anywhere.

Framework Competencies

Compiled by subject matter experts and volunteers, **The IIA Global Internal Audit Competency Framework** is a tool that defines the competencies needed to meet the requirements of the **International Professional Practices Framework (IPPF)**® for the success of the internal audit profession.

IIA Academy has also developed a **Training Roadmap for Internal Auditors** based on **Singapore Skills Framework for Accountancy**, a SkillsFuture initiative in conjunction with SkillsFuture Singapore, Workforce Singapore and the Singapore Accountancy Commission.

CAREER CONVERSION PROGRAMME

BUILDING TALENT IN INTERNAL AUDIT

Internal Audit continues to grow in importance in Singapore and the region, as the profession increasingly gains recognition for its critical role in enhancing overall corporate governance of organisations and becoming a strategic trusted business advisor to management in the digital economy.

The Career Conversion Programme for Internal Auditors (CCP-IA) aims to build a talent pipeline for the profession by helping local mid-career PMETs to reskill and embark on new careers in internal audit.

CCP-IA is a 6-month place-and-train programme comprising on-the-job training supported with IIA's advisory. Participating employers can opt to include facilitated training conducted by IIA as well.

Mid-career individuals will acquire the technical skills and experience they might lack, to work as internal auditors in organisations that have good prospects and opportunities for progression.

BENEFITS TO EMPLOYERS

Facilitate recruitment of local talents to **meet your manpower needs**

Leverage experience of PMET career switchers by **reskilling them to take on new job roles** in your company

Prepare new hires to be job ready through **on-the-job training, with advisory from IIA**

Receive **up to 90% subsidy on salary support**

NEXT INTAKE IN Q4 2023
